TIME IS VALUABLE

Anthony was a very lazy boy and always used to postpone things. His father tried to make him understand the value of time. He always ignored the advice and continued to be lazy. Anthony was good at Maths and participated in a Maths quiz along with his friend Rohan. The result was announced after a week. Anthony won the first prize and his Rohan got the second prize. They had to visit the school office during break time to collect the prize. Rohan collected his prize, but Anthony was busy playing. He went to collect the prize on next Monday. But the prize became useless for him, as it was a ticket to his favorite circus show, for the previous day. Anthony felt very bad and learned a lesson that he should not postpone today's work to tomorrow.
